

COMMUNITY ADVISORY:

City Rescheduling State of the City Address

Brawley, California – The 2020 State of the City Address scheduled for Thursday, March 19th at the Lions Center has been temporarily postponed. This year's presentation was slated to take place in a large local venue, accessible to the public as a free event.

Given the evolving set of circumstances with COVID-19, the timing of the special event was revisited. "Public participation is what we value. The City looks forward to setting a future date when that outcome can be best achieved," stated Mayor Norma Kastner-Jauregui.
